American Journal of Mechanical Engineering

Journal of Electrical and Electronic Engineering (JEEE) , a peer-reviewed open access journal published bimonthly in English-language, aims to foster a wider academic interest in electrical and electronics engineering, including its intersection with physics. The journal publishes original research papers, with emphasis on theoretical and experimental work.

Journal of Electrical and Electronic Engineering

International Journal of Energy and Power Engineering (IJEPE) publishes original research and review articles in the fields of energy and power. This journal also publishes survey, tutorial and discussion papers from experts in these fields to promote intuitive understanding of the state-of-the-art and technology trends. The coverage of the journal includes all sorts of researches on thermal ...

International Journal of Energy and Power Engineering

The Chemical Engineering Journal focuses upon three aspects of chemical engineering: chemical reaction engineering, environmental chemical engineering, and materials synthesis and processing.. The Chemical Engineering Journal is an international research journal and invites contributions of original and novel fundamental research. The journal aims to provide an international forum for the ...

Artificial Intelligence (AI) techniques are now being used by the practicing engineer to solve a whole range of hitherto intractable problems. This journal provides an international forum for rapid publication of work describing the practical application of AI methods in all branches of engineering.. Focal points of the journal include, but are not limited to innovative applications of:

Engineering Applications of Artificial Intelligence

The Journal of Optimization Theory and Applications is devoted to the publication of carefully selected regular papers, invited papers, survey papers, technical notes, book notices, and forums that cover mathematical optimization techniques and their applications to science and engineering.

In mathematics, computer science and operations research, mathematical optimization or mathematical programming, alternatively spelled optimisation, is the selection of a best element (with regard to some criterion) from some set of available alternatives.. In the simplest case, an optimization problem consists of maximizing or minimizing a real function by systematically choosing input values ...
